Subject: RE: Mine claim Ownership - Upper Animas

Hi Paula,

Sorry for the delay, I have been out of the office since the middle of last week. I just left you a voice message regarding the VB/I-70 Site. Regarding the revised Notices, it was discovered that three properties recently changed owners due to sales and that one property needed to have the owners updated (according to the assessor's records).

I have the original set of signed and notarized Notices in my possession and am planning to record all Notices together to avoid multiple trips to the county office. Can the four revised Notices be signed and notarized this week? Let me know and I can pick them up. I will replace the revised four in our original set, so there will only be one notice filed per property.

Please feel free to give me a call on my cell (303-880-4646) today or at the office (720-898-4105) tomorrow to discuss additional details.

Thank you,

Lindsay

Hi Mike,

It looks like Darren and Kevin were able to get you and Paula the needed information. Please don't hesitate to ask if you need further assistance/information.

Thank you,

Lindsay

Subject: RE: Mine claim Ownership - Upper Animas

Mike,

Please find attached a revised Upper Animas Sampling Property Ownership table listing the current owners of the Todd Hennis' properties. The properties are owned either by Mr. Hennis, as an individual, San Juan Corp. or Salem Minerals Inc. (two companies believed to be owned by Mr. Hennis).

Also attached are San Juan County property valuation and ownership cards for each property; and Colorado Secretary of State records for San Juan Corp. and Salem Minerals Inc. These documents were the sources of information provided in the attached table.

All properties on this list have the same mailing address:

PO Box I

Silver Plume, CO 80476

Also, the registered agent and the office address for the two companies is the same:

Todd C. Hennis

645 Water Street

Silver Plume, CO 80476

Please let us know if you have any further questions.

Best regards,
Darren

Yes, Kevin. The properties are Hennis – but the names will vary from him to his associated incorporations. Thanks for making this a priority, since Paula needs it asap.

Subject: Mine claim Ownership - Upper Animas

Mike – I am preparing a mailing to obtain consent for access for SW sampling along Cement Creek for this summer. I have been working with the local BLM contact who is familiar with the sampling previous done and she has met with the County Assessor to identify the mine claim ownership for each location. No surprise but many of the sampling locations are along Cement Creek are mine claims owned by Todd Hennis. Richard informed me that not all of Todd's mine claims are in his name – some are in one of his corporations, etc.

Attached is an Excel spreadsheet (use the Hennis Mine Claims tab) listing the locations and the mine claim associated with that location. Can you fill in the ownership name for each mine claim (or have your contractor do it) so that I can get an access agreement sent to Mr. Hennis. I'd like to send it to him by June 20th if possible. Please let me know if this schedule will work for you. Thanks.
